HABITS FOR PREPARING FOR THE BLESSING

As we have been preparing for the blessing on this year we are learning that it takes more than just a desire and prayer to succeed. While those things are imperative to the bible declares in James in 2:26 that "faith without works is dead".

Which means that in addition to the prayers and in addition to the desire, we have to put forth action and begin to move in the the direction of the blessing that we are praying to GOD for in our lives. Here are 10 success disciplines that will help us to better prepare as we are anticipate the blessing.

ORGANIZATION

One of the most frequently mentioned discipline of those who are successful in life is organization. Organization includes planning as well as setting priorities and goals

RELAXATION

Avoiding distractions is another discipline of successful people. It comes easily for those who are organized. This is a way to "take a breath" and a way of preparing for the next goal that you have to achieve.

TAKING ACTION

It is important to organize, to plan, and to set priorities, but without action, a plan is nothing more than potential. Taking action is important for follow through on your plan. Rather you succeed or fail--taking action helps you to determine the right road to journey.

HABITS FOR PREPARING FOR THE BLESSING

PERSONAL CARE

Personal care with regard to diet, exercise, and hygiene is very important as it pertains to preparing for the blessing. Personal care can be a complex regimen and a highly disciplined lifestyle for some and for others not as much. This discipline does much in how we are viewed, respected, and cared for by others.

POSITIVE ATTITUDE

According to many successful people, having a positive attitude is not just a result of being successful—it's one of the root causes of success. The bible declares in Proverbs 23:7, "For as he thinketh in his heart, so is he". Our positive attitude also helps to stir us toward the blessing that GOD has in store for us.

NETWORKING

Successful people know the importance of surrounding themselves with other successful people. They know and understand the value of collaboration and teamwork. It was Nehemiah who was able to network with a team of people to be able to work the work of rebuilding the walls of Jerusalem in the book of Nehemiah. Networking will cause you to connect with like-minded people that ultimately allow you to get closer to the blessing.

READING

Reading is a fundamental discipline that can cause you to literally travel the world, learn from the best minds that have ever been created by GOD and to learn from GOD himself. Reading can guide you to the blessing that GOD has designed for you.
