### DICUSSION

Sally reported that she has been looking into a new system for playing the CD for water aerobics. Presently we are using a CD/Tape player. It will have to be replaced at some time. The CD player Sally bought last year melted at some time during the summer. She found a portable, small, waterproof speaker that uses an I Pod or I Phone and it works at the pool. The cost would be about \$300. Presently it needs to be charged with a computer. Becky Werner inquired if it would be possible to have a permanent set up in the office or pool side. This will be investigated again and a decision will be made next fall. If we go for the waterproof speaker and I Pod it would not be used during the summer months because of the excessive heat outdoors.

Carol pointed out that a new stainless steel waste basket has been purchased for the Social Room. It looks wonderful.

Carol brought up getting rid of the dishwasher and replacing it with a cupboard to house the recyclables and garbage.

Carol Kucharek moved that we keep the dishwasher and replace it when we need a new one. Becky Werner 2nd the motion. Motion passed with 7 yes votes.

Carol is going to talk to Justine about when new appliances are needed in the Social Room would she let Carol know so the Social Committee could have some input into what is ordered.

A discussion about keeping the sofa table in the Social Room was held. Bonnie Ridener moved to keep the sofa table in the Social Room and to paint it so that it better matches the other tables. Karen Belka 2nd the motion. The motion passed with 11 yes votes.

Carol Kucharek made a motion to table making a decision on pictures for the Social Room until fall and it should be made at a joint meeting of the Social Committee and the Decorating Committee. Bonnie Ridener 2nd the motion. Motion passed unanimously.
