

Outreach to 10,000 police officers in Mexico

August 2015

Dear Friend,

In February I asked the Lord to let us preach the gospel to all 84,000 police officers in Mexico City. In July Jeff Sill and I travelled to Mexico City where God miraculously gave us the opportunity to train and preach the gospel to 10,000 police officers.

The chief rented a sports facility and each day we had a different group of 2,500 officers. Over 4,000 of these officers responded to the gospel invitation and I rejoice in seeing what God is doing among the police in Mexico.

We have been invited back in August to be with another group of 10,000 officers. I also met with the chief of the state police and he asked us to do training with the 17,000 officers in his department.

God is also opening the door to work with the Federal Police in Mexico. I met with one of the chiefs and he has asked us to train a group of his officers on our next trip in August. Because of the great demand we will probably have to spend about 10 days in Mexico on our next trip.

Rosi Orozco also came to the training event each day and talked about the sex trafficking problem in Mexico and how the police could help. She brought Karla who was trafficked for 4 years from age 12 to 16 before she was rescued. She was forced to have sex with 42,000 men during that time. She has come to know the Lord and also gave her testimony to the police each day.

As God is once again opening the door for us to minister to the Mexican police, please pray that God will provide the team members, finances and wisdom we need for this great ministry opportunity.

Thank you again for your prayers and financial support that has made this ministry possible. God bless you.

Jeff training police officers in Mexico City

Jeff & Randy with deputy chief of Mexico City Police Department and Academy Director

Prayer Request

Pray for our outreach to the Mexico City Police, the State Police in Mexico City and the Federal Police the end of August and the first part of September.

Pray that God will raise up the team members we need to help us with these outreaches.

Pray for the finances we need to travel to Mexico and reach out to thousands of police officers.

Ask the Lord to continue to give us health and strength as we have more work to do than ever in this ministry.

We also are planning outreaches in Belize, Guatemala and Colombia this year. Pray that God will prepare the way and provide everything we need for these outreaches.

Randy Green
