Attention: Landon Scism
USETPA

Reference: Structured Cabling Services

Listed below is pricing for Structured Cabling Services for LAN network services. These services provide a direct copper connection from the customer's existing structured cabling location to a designated location. All connection must be inside the specification's provided by the ANSI/TIA/EIA-568-B.1 and the ISO/IEC 11801 standards. Pricing per drop may change based upon additional requirements to reach the desired location, such as but not limited to wall or floor penetrations, permits required, cable management systems, etc. A connection is defined as a LAN network copper cable of either cat5e or cat6 plenum cable not exceeding 330 feet. We will guarantee that any USETPA member will receive a minimum of 10% below the above listed prices.

Cat5E Plenum Cable Drop	\$225.00 each
Cat6 Plenum Cable Drop	\$250.00 each

Non-reoccurring charges, if any will be provided after an engineering review.

If you need additional information, please let us know.
