Jonathan Murdock brings new energies to us! Aurelia knows him primarily through his past beautiful work with Wisdom Healing Qigong. Music and sound have always been sacred for Jonathan and connects him to nature while supporting his inner journey. A blend of sounds from the Native American flute, gongs, and a wide variety of percussion instruments are what Jonathan uses to create space for deep listening and meditative presence. Jonathan's commitment to mindfulness, along with decades of practical experience, guides each drum beat and flute note to create timeless and soul soothing songs. jonathan.elemento@gmail.com

Aurelia has been curiously exploring the metaphysical since a wake-up call in 1970. She and late husband, Al, facilitated solstice and equinox events at FSSC for over a decade and she continues to add to that momentum as long as she is spiritually guided. She is especially connected to frequency medicine such as sound, knowing that sound is a key to clearing outdated consciousness patterns from our fields and the planet. Aurelia is eager for the paradigm shift which many channels acknowledge the earth is NOW receiving. Aurelia can be reached at aureliatara@aol.com.
