Yes      No If "yes", please identify the classes of employees you'd like to exclude from participation: ( <i>check all that apply</i> )  Union Members      Non-resident aliens  Other ( <i>specify</i> ) _____
<b>Fidelity Bond:</b>	ERISA section 412 and related regulations (29 C.F.R. § 2550.412-1 and 29 C.F.R. Part 2580) generally require that every fiduciary of an employee benefit plan and every person who handles funds or other property of such a plan shall be bonded. ERISA's bonding requirements are intended to protect employee benefit plans from risk of loss due to fraud or dishonesty on the part of persons who "handle" plan funds or other property. ERISA refers to persons who handle funds or other property of an employee benefit plan as "plan officials." A plan official must be bonded for at least 10% of the amount of funds he or she handles, subject to a minimum bond amount of \$1,000 per plan with respect to which the plan official has handling functions. In most instances, the maximum bond amount that can be required under ERISA with respect to any one plan official is \$500,000 per plan. Effective for plan years beginning on or after January 1, 2008, however, the maximum required bond amount is \$1,000,000 for plan officials of plans that hold employer securities.  Please state amount of Fidelity Bond Held: \$ _____  Name of Issuing Company: _____
<b>Employer Contributions:</b>	Your company can contribute to plan participants' accounts in any of three ways:  1. Regular matching contributions, 2. Discretionary employer contributions, and/or 3. Qualified nonelective contributions.

**Note:** If you intend to run your 403(b) plan as a safe harbor plan, please indicate any relevant safe harbor employer contributions at the appropriate area on page . **DO NOT** include your safe harbor contribution formula(s) in this section.

<b>Regular Matching Contributions:</b>	Regular matching contributions (RMCs) are defined in terms of a participant's elective contribution (e.g., \$.50 contributed by the employer for each dollar contributed by the plan participant).
--	--

Will your company be making any **REGULAR MATCHING CONTRIBUTIONS** to employees' accounts?

No regular matching contributions will be made.

Our company **MAY** make matching contributions equal to a discretionary percentage that our company will determine at a later time.

Our company **WILL** make regular matching contributions at a rate of \_\_\_\_\_% (e.g., 50%) for each dollar our participants defer into the plan.

Our company **WILL** make regular matching contributions at a rate of \_\_\_\_\_% (e.g., 50%) for each dollar our participants defer into the plan, up to a maximum annual matching contribution of (*check and complete one*):

\$ \_\_\_\_\_ per participant per year.

\_\_\_\_\_ % of the participant's compensation per year.

A discretionary percentage of the participant's compensation or a discretionary dollar amount, the percentage or dollar amount to be determined by our company on a uniform basis to all participants.

**AND** our company (*check one*) **WILL** **WILL NOT** contribute an additional discretionary percentage, to be determined by our company.

<b>Discretionary Employer Contributions:</b>	Discretionary employer contributions (DECs) are basically profit sharing contributions, although the employer's contribution does not have to be limited to net profits.
--	--

Would your company like to have the option of being able to make **DISCRETIONARY EMPLOYER CONTRIBUTIONS** (i.e., profit sharing contributions) to employees' accounts?

No, we do not want the option of even possibly making profit sharing contributions.

Yes, our company will **POSSIBLY** make profit sharing contributions in an amount to be determined by our company. **AND DOES NOT** want contribution amounts to be limited to current or accumulated net profit. (*Checking this option in no way obligates your company to making any actual contributions, it simply leaves open the possibility that you might.*)

<b>Qualified Nonelective Contributions:</b>	Qualified nonelective contributions (QNECs) are allocated on the basis of compensation or some other variable aside from a participant’s elective contribution; they are made to ALL eligible employees regardless of whether or not the employee contributes to or participates in the 403(b) plan -- unless the QNEC is being used to satisfy ADP or ACP test corrections. QNECs are always 100% vested to employees’ accounts when made.
---	---

Would your company like to have the option of being able to make **QUALIFIED NONELECTIVE CONTRIBUTIONS** to employees’ accounts?

No (except as needed for discrimination test corrections).

Yes, our company will **POSSIBLY** make qualified nonelective contributions in amounts to be determined by our company. *(Checking this option in no way obligates your company to making any actual contributions, it simply leaves open the possibility that you might.)*

Our company **WILL** make regular qualified nonelective contributions equal to \_\_\_\_\_% of the total compensation of all participants eligible to share in the allocations.

<b>Vesting of Employer Contributions:</b>	“Vesting” refers to ownership. For instance, if you pick Schedule D below and a plan participant leaves your company after 2 years, he or she will only be entitled to 20% of any relevant employer contributions made by your company to his or her account. The remainder will go into a pool that your company can choose to use for employer contributions owed to other participants.

What vesting formula do you want to use for any employer contributions? Mark your choice for any profit sharing contributions in column P-S and any matching contributions in column Match

P-S	Match	Vesting Schedule	Description
		N/A	Not applicable (no employer contributions so no vesting)
		Schedule A	100% immediate vesting
		Schedule B	0 – 2 years = 0% vested 3 years = 100% vested
		Schedule C <i>WARNING: not recommended due to likelihood of causing top heavy testing problems.</i>	0 – 4 years = 0% vested 5 years = 100% vested
		Schedule D	0 – 1 years = 0% vested 2 years = 20% vested 3 years = 40% vested 4 years = 60% vested 5 years = 80% vested 6 years = 100% vested
		Schedule E	1 year = 25% vested 2 years = 50% vested 3 years = 75% vested 4 years = 100% vested
		Schedule F	1 year = 20% vested 2 years = 40% vested 3 years = 60% vested 4 years = 80% vested 5 years = 100% vested

<b>Safe Harbor:</b>	The IRS allows 403(b) plan sponsors an alternative to subjecting their 403(b) plans to annual discrimination testing. The safe harbor method of plan operation lets employers make certain contributions to the plan, with immediate vesting of the contributions to employees' 403(b) accounts.
---------------------	--

Do you want to operate your 403(b) as a Safe Harbor plan?
Yes
No (if No, you can skip the rest of this form)

If you are choosing to operate your 403(b) plan as a Safe Harbor plan, which employer contribution formula would you like to use?
Not applicable ( <i>don't want to use the safe harbor method</i> )
Make a <b>SAFE HARBOR NONELECTIVE CONTRIBUTION</b> equal to 3% of compensation to each eligible employee's account. ( <i>Note: Safe Harbor nonelective contributions are made to ALL eligible employees, regardless of whether the person participates in the company 403(b).</i> )
Make a dollar-for-dollar <b>SAFE HARBOR CONTRIBUTION</b> to employees on salary deferrals up to 3% of compensation and \$.50 to the dollar matching contributions to employees on salary deferrals of 3% to 5% of compensation. ( <i>Note: Matching contributions, because they're based upon salary deferral amounts, are made only to currently-participating employees' 403(b) accounts.</i> )

If you are choosing to operate your 403(b) plan as a Safe Harbor plan, how often do you want your employer Safe Harbor matching contributions or Safe Harbor nonelective to be made?
Not applicable ( <i>don't want to use the safe harbor method</i> )
Annually          Per payroll period          Per month          Per quarter
