MADE. Please plan ahead and allow plenty of time for the two volunteer committees to review/approve the application.

HOMEOWNERS PLEASE BE REMINDED: HOMEOWNERS ARE ENCOURAGED TO REFRESH THEIR EXTERIORS WITH THE NEWER, APPROVED COLORS. PLEASE REMEMBER THAT IT IS REQUIRED, PER GOVERNING DOCS, THAT YOU SUBMIT AN ARC APPLICATION AND OBTAIN APPROVAL *BEFORE* WORK COMMENCES.

Architectural applications are to be submitted to Associa-PCM through emailing the Community Manager, Pamela.Bledsoe@Associa.us for review by the Arch. Committee/Board before making exterior changes (including painting/fog-coating the exterior of your home or fencing, landscape, solar, etc.). Please be aware of the new updated Vista Paint color schemes that are to be used if you are re-painting your home. You may find the community's new colors by visiting the website: vistapaint.com

Letter to the Homeowners delivered regarding Painting:

The Board distributed a letter earlier this year, directed to homeowners regarding the need for exterior painting throughout the community. Some homeowners will be notified regarding the need for re-newing /re-freshing their exterior (stucco, trim, doors, etc.) in order to maintain their homes, as per the HOA governing docs; as well as improve the appearances. **IMPORTANT:** As is the case with any exterior changes, the homeowners will need to submit an Architectural Application (found on porticohoa.com) to Associa-PCM, Pamela.Bledsoe@Associa.us, indicating the color scheme they would like approved. You may find the community's new colors by visiting the website: vistapaint.com.

Please note: A color scheme may not be used by two homes next to each other. Thus, please be sure that your selection is different from the neighbors on either side of your home.

MISC. LANDSCAPE: Various landscape decisions include:

- A) Color of rock permitted is natural colors such as tans and browns; not white. Mulch should be dark brown; not an un-natural, dyed, reddish- orange color or black. Samples or pictures are required.
- B) Color of pavers (samples or pictures are required).
- C) Artificial turf (samples must accompany arc applications- realistic length such as 2" is the goal, non-shine, etc.)
- D) Drought-tolerant conversions*

SOLAR: An architectural application must be submitted for approval of the Portico Arc Committee/Board, as well as the Master Board.

***Arc applications** should include very detailed drawings, showing the placement of live plants/trees/flowers/grass/artificial turf (and what percentage they represent-requirement is 75%) and what size they are expected to be at time of maturity. Pictures of the various plants, and hardscape should be included. The other 25% of the front may be hardscape.

All architectural applications should be submitted by emailing/scanning to the Community Mgr., Pamela Bledsoe (Pamela.Bledsoe@Associa.US), or mailed to Pamela at Associa-PCM, 5950 La Place Ct., Suite 250, Carlsbad, Ca 92008. If you have questions regarding your application or what is required, please contact Pamela via email or a phone call at 760-918-8056 or 8040.
