

RECREATION THERAPY FIELDWORK/INTERNSHIP FACT SHEET & AGENCY APPLICATION

Please read carefully pages 1-5 carefully before completing the Application forms

I. PURPOSE:

To be eligible to take the California Board of Recreation and Park Certification examination for voluntary certification as a Recreation Therapist, the candidate must, among other requirements, complete fieldwork, internship or work experience requirement of prescribed content and duration. As a means of assuring consistency in content and quality, the CBRPC has, at the request of the Therapeutic Recreation Section of the California Park and Recreation Society, adopted specific criteria for such experiences and established a procedure for the approval of training sites based on those criteria.

II. APPLICATION AND APPROVAL PROCEDURE

1. New and renewing applications:

Based on recommendations from the Agency and University Review Committee (AURC), the board is in the process of trying to move due dates for agencies and universities so that agencies are approved at the beginning of the semester. The new dates are as follows:

SPRING APPLICATIONS	FALL APPLICATIONS
<p>Deadline for New Applications & Renewals: 1st Friday of Feb. No hard copies- email as attachment application and subsequent documents -AURC (Agency/University Review Committee) meets to review new & renewal applications in February. -Effective date (once approved) 1st of March</p>	<p>Deadline for New Applications & Renewals: 3rd Friday of July No hard copies- email as attachment application and subsequent documents -AURC (Agency/University Review Committee) meets to review new & renewals applications in August. -Effective date (once approved) 1st of September</p>

2. Application Fees See payment form on page 12

3. Approval Criteria for Annual Renewal:

Once the agency has been approved, renewal will be approved only if there has been no change in the status of the agency with respect to:

- Continued employment of personnel qualifying the agency for approval
- Content of the fieldwork/internship experience and
- Basic services provided by the agency.

When changes in the above occur, in order to be renewed, the agency will be required to file the updated documentation.

For clarification, an approved agency may add or delete personnel upon renewal as long as one or more of the qualified recreation therapists, the qualified preceptor when used, continues to be employed by the agency. (Such renewals are subject, however, to limitations on the use of preceptors and certification eligible recreation therapists.) For example, an agency may change from a "certification eligible recreation therapist" to a qualified preceptor when the former does not achieve certification during the year or from a preceptor to a

certification eligible recreation therapist who achieves certification during the year without filing a new application.

The basic rule is that there must be continuity of personnel. At the end of any year during which a preceptor is used, an agency shall submit a "Preceptor's Annual Report" as a condition of renewal.

4. The following criteria should be used when applying to the CBRPC for Fieldwork/Internship site approval. Please review the criteria very carefully before completing the application requirements.

III. PERSONNEL

Full-time:

- *Minimum 30 hours a week or more*
- *Certified State and Nationally Recreation Therapist*
- *Responsible for the education, training and supervision of the internship student*
- *Be available to meet with the student on a regular basis*

A qualified recreation therapist is one who:

- *Currently certified with CBRPC as a Recreation Therapist Certified – RTC and is able to*
- *Currently certified with NCTRC and CBRPC or one of the staff must also be state certified*
- *Demonstrate two years full time employment with agency*

When option 2 above is used, approval is limited to one year during which the "certification eligible recreation therapist" is expected to complete certification. If certification is not achieved within that period, the agency must arrange for a preceptor Recreation Therapist who is currently certified with CBRPC or lose its approval status. A qualified recreation therapist is one who is currently certified. If the recreation therapist's certification with CBRPC is more than (6) six months delinquent, that person is not considered currently certified.

📌 **PLEASE NOTE:** *If the agency seeking approval does not employ a qualified state certified recreation therapist, as defined above, it shall have the option of obtaining the services of a preceptor as provided in Section V-A below **for up to 2 years**- then the agency must have one of the staff get state certification or longer be eligible for intern students from the state of CA.*
