## **Dr. Stanley Carter, DVM - AKC Conformation**

Stanley A Carter, DVM began breeding and showing basenji's in his early teens under the kennel name of Silvercreek. At age 15, he finished his first champion at the BCOA Central Specialty, winning WB-BOS. Over these last four decades, he obtained many championships and multiple specialty wins, including BOS twice at the BCOA Nationals. One of the highlights of Stan's basenji experience was a 1988 trip to Zaire to obtain native breeding stock. These native dogs brought new genetic diversity to basenjies and were vital to improving their health, especially regarding Fanconi Syndrome.

Dr. Carter has held several positions with the BCOA, including board member, health committee, and National Specialty chairman. He was instrumental in collecting coast-to-coast samples for Hemolytic Anemia and Fanconi research. Dr Carter has judged sweepstakes events at several basenji regional specialties. Judging assignments at BCOA Nationals include the Top Twenty Exhibition, African Match, and Sweepstakes.

Dr Carter received his BS in Animal Science and Veterinary Medical degrees from the University of Missouri, and an MBA from Maryville University. He has started and developed three successful small animal veterinary practices in St. Charles County, MO as well as Canine Reproductive Technologies, an AKC approved frozen semen facility.

Dr Carter and his wife, Beth Zimmer Carter, MD reside in Weldon Spring, MO, outside of St Louis, and winter in Mesa, AZ.

## Brenda Jones-Greenberg - African Stock Exhibition

I fell in love with the basenjis by watching the movie "Good-bye My Lady." I acquired my first basenji in 1969.

My next two basenjis came in the 1980s when I heard of the trip to the Democratic Republic of the Congo. I acquired my foundation Africans from that trip. I spent the next 30 years testing and studying the Africans.

I have lived with full Africans for 30 years, plus, with the 1/2 Africans and the western basenji at the same time.

This was one of the most exciting projects I have done, and I loved every moment.

## Nancy Grimm - AKC Obedience & Rally Obedience

I was first introduced to the sport of dog obedience by a large, unruly Great Dane back in 1999. Although I never competed with him, "Max" and I learned everything together and we developed a bond.... and I developed a love for the sport. My first competition obedience dog was a Weimaraner named Gandalf. Gandalf and I started competing in 2001. Nali, another Weim, followed a year later. Since that time, I have titled another Great Dane and 6 Weimaraners ...all through CD and "Weims" Gandalf and Nali through UD. Gandalf, retired from obedience with 6 UDX legs and multiple H-I-T and H-C in 2009. I've had Weimaraners in the top 10 of Obedience for the breed in 2002, 2003, 2006, 2008, and 2009.

My husband, Michael and I live in Casa Grande, AZ with our 2 Weimaraners. Gimlet -Age 7, and Chiseler - Age 2. All of my Weimaraners, past and present have titled in Obedience, Agility and Rally. Chiseler recently finished his Breed Championship and Gimlet also a Breed Champion, has taken a hiatus from Obedience after having discovered agility and dock diving. In agility, she is currently competing in Excellent. She also has her North American Diving Dogs Dock Elite title (for jumps over 24 feet) She is currently the #1 Weimaraner in the U.S. in Dock Diving with a personal best jump of 25 feet.

After many years of competing in Obedience, I started judging Rally in 2005. I began judging Obedience in 2008. Judging has been a wonderful experience for me and has given me the chance to meet some incredible people and has also provided me with the opportunity to see some amazing performances in the obedience and rally rings. I also enjoy exhibiting my own dogs and hope to continue to do so for a long time.

## **Rich Mysliewic Jr. - AKC Junior Showmanship**

I walked into the ring for the first time at age 3. As a child in dogs, my parents were professional handlers for over 40 years, as I have been for more than 30 years.

I am currently eligible to judge Junior Showmanship, Foundation Stock Services, and puppy classes.

I have bred and owned Rottweilers since 1990 and owned and the #1 Rottweiler in 2006-2007-2008.

I've handled all breeds over the years and continue to do so. I am working towards my approved status for breed judging.

## **Dr. Laurie Stargell - Puppy & Veteran Sweepstakes**

I discovered the basenji breed while in college at the University of Virginia. I attended a local dog show looking for a small, athletic dog that could adapt to a variety of living conditions as I planned on going to graduate school, and whom should I meet but the incredible Damara Bolte! It didn't take long for their sense of humor, fun-loving antics and easy keeping to convince me that Basenjjs were the ideal breed for me. That was over 30 years ago and Basenjjs have been my constant companions throughout my academic training at the University of Rochester, Harvard Medical School, and finally as a Professor and Chair of the Biochemistry and Molecular Biology Department at Colorado State University.

I am a member of the Basenji Club of America, where I serve or have served on multiple committees (BCOA Board of Directors, Breeders Education Committee, Judges Tally Committee, Health Committee, and the Basenji Health Endowment Board of Directors). I have bred and shown BCOA National Specialty Best of Breed, Best of Opposite Sex, Puppy Sweepstakes, Award of Merit, African Stock Exhibition, and Top Twenty winners. It is an unbelievable honor to be selected to judge the 2019 BCOA puppy and veterans sweepstakes, and I cannot wait to see the breed's young hopefuls and great oldsters. Thank you for this opportunity. Good luck and safe travels to all.

### **Elaine Summerhill - AKC Lure Trial**

I have been involved with purebred dogs, specifically greyhounds, for 25+ years, breeding and exhibiting many dual champions and successful open field coursing dogs. I have been a judge since 2003.

### **Laurie Gillice - Agility**

Thank you for inviting me to judge at your trial! I became addicted to agility with my Golden Retriever, Kalani, and have added three Australian Shepherds to the family. Since high school, I have competed with my Golden Retrievers in conformation, field, obedience, rally and agility. With my Australian Shepherd, Karros, I filled my dream of our first MACH and going to the Nationals. In 2013, I took the seminar to become an AKC agility judge and found a new career. It gives me the opportunity to meet new friends, travel and watch some fantastic teams compete. I love watching the bond we have with our dogs!

# AKC Basenji Standard

**General Appearance:** The Basenji is a small, short haired hunting dog from Africa. It is short backed and lightly built, appearing high on the leg compared to its length. The wrinkled head is proudly carried on a well arched neck and the tail is set high and curled. Elegant and graceful, the whole demeanor is one of poise and inquiring alertness. The balanced structure and the smooth musculature enable it to move with ease and agility. The Basenji hunts by both sight and scent. Characteristics-The Basenji should not bark but is not mute. The wrinkled forehead, tightly curled tail and swift, effortless gait (resembling a racehorse trotting full out) are typical of the breed. Faults-Any departure from the following points must be considered a fault, and the seriousness with which the fault is regarded is to be in exact proportion to its degree.

**Size, Proportion, Substance:** Ideal height for dogs is 17 inches and bitches 16 inches. Dogs 17 inches and bitches 16 inches from front of chest to point of buttocks. Approximate weight for dogs, 24 pounds and bitches, 22 pounds. Lightly built within this height to weight ratio.

**Head:** The **head** is proudly carried. **Eyes**-Dark hazel to dark brown, almond shaped, obliquely set and farseeing. Rims dark. **Ears**-Small, erect and slightly hooded, of fine texture and set well forward on top of head. The skull is flat, well chiseled and of medium width, tapering toward the eyes. The foreface tapers from eye to muzzle with a perceptible stop. **Muzzle** shorter than skull, neither coarse nor snipy, but with rounded cushions. Wrinkles appear upon the forehead when ears are erect, and are fine and profuse. Side wrinkles are desirable, but should never be exaggerated into dewlap. Wrinkles are most noticeable in puppies, and because of lack of shadowing, less noticeable in blacks, tricolors and brindles. **Nose**-Black greatly desired. **Teeth**-Evenly aligned with a scissors **bite**.

**Neck, Topline, Body:** **Neck** of good length, well crested and slightly full at base of throat. Well set into shoulders. **Topline**-Back level. **Body**-Balanced with a short back, short coupled and ending in a definite waist. Ribs moderately sprung, deep to elbows and oval. Slight forechest in front of point of shoulder. Chest of medium width. **Tail** is set high on topline, bends acutely forward and lies well curled over to either side.

**Forequarters:** Shoulders moderately laid back. Shoulder blade and upper arm of approximately equal length. Elbows tucked firmly against brisket. Legs straight with clean fine bone, long forearm and well defined sinews. Pasterns of good length, strong and flexible. Feet-Small, oval and compact with thick pads and well arched toes. Dewclaws are usually removed.

**Hindquarters:** Medium width, strong and muscular, hocks well let down and turned neither in nor out, with long second thighs and moderately bent stifles. Feet-Same as in "Forequarters."

**Coat and Color:** Coat short and fine. Skin very pliant. Color-Chestnut red; pure black; tricolor (pure black and chestnut red); or brindle (black stripes on a background of chestnut red); all with white feet, chest and tail tip. White legs, blaze and collar optional. The amount of white should never predominate over primary color. Color and markings should be rich, clear and well-defined, with a distinct line of demarcation between the black and red of tricolors and the stripes of brindles.

**Gait:** Swift, tireless trot. Stride is long, smooth, effortless and the topline remains level. Coming and going, the straight column of bones from shoulder joint to foot and from hip joint to pad remains unbroken, converging toward the centerline under the body. The faster the trot, the greater the convergence.

**Temperament:** An intelligent, independent, but affectionate and alert breed. Can be aloof with strangers.

**Approved May 8, 1990**

**Effective June 28, 1990**

# AKC CODE OF SPORTSMANSHIP

**PREFACE:** *The sport of purebred dog competitive events dates prior to 1884, the year of AKC's birth. Shared values of those involved in the sport include principles of sportsmanship. They are practiced in all sectors of our sport: conformation, performance and companion. Many believe that these principles of sportsmanship are the prime reason why our sport has thrived for over one hundred years. With the belief that it is useful to periodically articulate the fundamentals of our sport, this code is presented.*

- Sportsmen respect the history, traditions and integrity of the sport of purebred dogs.
- Sportsmen commit themselves to values of fair play, honesty, courtesy, and vigorous competition, as well as winning and losing with grace.
- Sportsmen refuse to compromise their commitment and obligation to the sport of purebred dogs by injecting personal advantage or consideration into their decisions or behavior.
- The sportsman judge judges only on the merits of the dogs and considers no other factors.
- The sportsman judge or exhibitor accepts constructive criticism.
- The sportsman exhibitor declines to enter or exhibit under a judge where it might reasonably appear that the judge's placements could be based on something other than the merits of the dogs.
- The sportsman exhibitor refuses to compromise the impartiality of a judge.
- The sportsman respects the AKC bylaws, rules, regulations and policies governing the sport of purebred dogs.
- Sportsmen find that vigorous competition and civility are not inconsistent and are able to appreciate the merit of their competition and the effort of competitors.
- Sportsmen welcome, encourage and support newcomers to the sport.
- Sportsmen will deal fairly with all those who trade with them.
- Sportsmen are willing to share honest and open appraisals of both the strengths and weaknesses of their breeding stock.
- Sportsmen spurn any opportunity to take personal advantage of positions offered or bestowed upon them.
- Sportsmen always consider as paramount the welfare of their dog.
- Sportsmen refuse to embarrass the sport, the American Kennel Club, or themselves while taking part in the sport.
