

# M I G R A T I O N

Tribes ~ Province ~ Shire

7 Tribes with 7 main languages & many dialects.

**1GOD's** design for Humankind includes the urge to migrate. As Humankind evolved migration evolved. Africans wandered into Persindia, Oceania and Mongolia. Mongolians wandered to America, Amazonia and Oceania later on horseback to Persindia, Africa and Europa. Europeans sailed to all Provinces. The Evolved wandered into Persindia and sailed and flew to all other Provinces.

Reasons for human migration: **1GOD's** design instinct (swarm). Disasters make the Habitat not livable, climate change make the Habitat unlivable. Selfishness (the grass is greener somewhere else) and population growth.

Humankind has evolved enough. Population growth is sufficient to establish 7 Tribes making up 7 Provinces as envisaged by **1GOD!** As of '0.1.1.1'(C.G. Kalender) all migration (long term or short term) between Provinces has become illegal (illegals are sent back).

**Note !** Asylum seeking is not acceptable they are to be treated as illegal's. These people (opportunists) should have stayed from where they came from and made a difference there, rather than running.

**Illegal migrants (Im)** are returned without delay to the province they came from that includes any children that they may have had. Illegal migrants cannot be integrated, they are always sent back, no exemption. 'Im's' that cannot be returned are prosecuted, **MS R7**. 'Im's' children are put up for adoption. People responsible for helping illegal's are prosecuted: **MS R7**

**Migration** is classified as long term(re-settlement) or short term (travel).

**Re-settlement** is only possible within a Province. Re-settlement is moving between Shires. Exemption, 'Israeli' they can only live in the

'Promised Land'. They cannot leave the Promised Land. Israeli found outside the Promised Land are immediately transported to the Promised Land. **1 GOD 's Wish !!!**

**Moving** between **Shires**. There are regulations, adults have to have employment at their destination Shire. Before they can move. The employer has to organize cluster housing. Seniors have to organize cluster housing at their destination Shire. Before they can move.

**Travel** is only possible within a Province. Passports are obsolete. **Business or Government** use Internet, Video conferencing to communicate with other Provinces.

**Tourism** has developed into a menace. Cruise ships unload tourists that swarm like insects (**cockroaches**) over ports and local habitat. They disrupt local lifestyle, drive up living costs for locals. Create mountains of waste. This entertainment of the idle well off Ends! This also applies to air, coach, rail tourism.

Capitalism started migrating business entity's (multi national's). This Ends! **Multinationals** are converted to **CROn** (no compensation)!

Capitalism migrated capital (**foreign ownership**). Foreign ownership Ends without compensation! **Government** that allows Foreign ownership is replaced and prosecuted for, 'Treason' : **MS/R7**.

As resources diminish and population increases Provinces prepare for the next Migration (**swarming**), '**SPACE**'! Humankind's Destiny: Space-Exploration (**S-X**), Colonization and becoming custodian of the physical Universe. **Note!** Each Province swarms independantly, C.G. Space Law I & II apply.

End
