Neo

Neo's adoption fee is $350.

Hello everyone, my name is Neo. I am a happy, life loving, 8 year old male Shih tzu mix. I love going for walks and meeting new people. I also love being petted and cuddled with. I sleep in my own bed at night so no worries - I won't hog the bed (unless you want me to).   I'm neutered, am up to date on vaccinations, micro chipped and have had a dental.

I very much enjoy food and especially my treat ball. I weigh about 9kg and should lose about 5 pounds - my foster guardians have been working with me to get me to a healthy weight.

 I want to be everywhere my guardians are, whether it is outside, watching the world go by on the front porch, or watching TV.   I don't really like to be left by myself unless I have another pup for company, so would be happiest in a home with another gentle canine companion. I stay in the kitchen with my foster siblings when my foster guardians go to work and I rarely have an accident.   If you are looking for someone to love you unconditionally then I am your pup!
