Program Overview

This course is our most coveted ISO 9001 course as participants earn the designation of a Certified Practitioner. This course covers all requirements of the ISO 9001:2015 standard including the intent and application. In this course, we discuss the fundamentals and thoroughly examine the key controls within the standard and how to apply them. The program is fully accredited and meets competency requirements.

Upon successful completion, participants will receive a certification with a unique registration number issued by Wollam Groups and be listed as ISO 9001 Certified Practitioner in the Industry Registered Professional Network™.

Summary of Course Curriculum

This course covers the entire specification, to include its intent, application and interpretation of requirements, including:

- History and Importance of ISO 9001
- Overview, Scope and Exclusions
- Context of the Organization and Leadership
- Planning, Support and Operation
- Performance Evaluation and Improvement

In addition, participants receive a typical framework for implementing the standard and specific documented information requirements of ISO 9001:2015. This program builds upon the ISO 9001 Fundamentals and includes practical application activities for each of the ISO 9001 elements.

Participant who complete this program will be qualified to help organization implement effective management systems that meet the requirements of ISO 9001:2015.

Who Should Attend

This program is designed for quality and HSE personnel, auditors, managers responsible to oversee their management systems.
