- IV. Additional agenda items: Chris wants to talk about Bariatric stretchers
- V.
- VI. Discussion about Dispatchers calling the paramedic for the services. There was a committee that met and came up with a plan as to when paramedics would be called. There was discussion on wording and the board reviewed, changes we made. Noted that if the paramedic doesn't do any intervention on the pt that the services will not be billed. It is important to work with the paramedic as we may not think they are doing anything but they are or may be preparing for something so please talk to the paramedics when they get on your truck . There will be a new District 6 letter sent out with the new update information on this.  
The plan for dispatch was to have them trained soon and ready to go with the new paramedic intercept plan July 1.  
Any question on this please feel free to call Barre city Joe or Barre town Chris  
After a long dissuasion on this Scott informed us that the new wording would be done tonight and Jim made a Motion and second by Lt /Howie Moves that we accept the paramedic intercept plan as present by Dr Blum and as notes to start July 1,2016 for a 90 day trial
