

Bella Terra Council of Presidents

Thanks for bringing your concerns to our attention concerning our irrigation contractor – Irrigation Specialists.

As you know, we have a contract and specific tasks for Irrigation Specialists to complete monthly.

Some of your comments/request for services are outside the scope of our contract:

1. Daily reporting
2. Maintaining the schedule of the timers for the irrigation in the Bella Terra Blvd medium and 3 roundabouts. (Through our agreement with the Master HOA, their landscape/irrigation contractor controls the irrigation timer schedule).

The attached Habitat (Bella Terra) CDD irrigation protocol. We will be working with Irrigation Specialists, Bella Terra CAM's, and the Bella Terra irrigation/landscape contractors to follow the protocol. Feel free to contact us with any issues.
