Subject: Everette Estates' Newly Configured Board and My Resignation

Dear Neighbors,

As noted in my recent summary of the all-member August 18, 2021 meeting, the group of volunteers met Monday evening, August 23. The volunteers previously noted were Rex Berfield, Paul Murph, Bernard Russo, Jason Webber, and Raul Visaya; Nat McCague also joined the group last night. The current board members, Joanne Duncan and I, were there to offer assistance and initiate any formal actions necessary.

As a result of willing participants, appointments were made to fill vacancies on the board for their remaining terms leading up to the next all-member annual meeting. At that next meeting, board members and officers will be formally elected. The interim appointments made were as follows. Joanne and I appointed Paul Murph as a board member/secretary. Joanne and Paul then appointed Rex Berfield as president to replace me. The new board configuration took effect last night-- they were anxious to get started. As a consequence, I resigned last night. Please wish the new board well and give them your support.

Although I have resigned as president, I'll still be a neighbor for several more weeks. Hope to see many of you around before the actual move. I truly enjoyed my almost 10 years in Everette Estates, 6 of which as president after taking over from the developer-lead Board.

All the best,

Crawford Jencks
Ex-president
