Lessons Learned In Life

Always believe something wonderful is going to happen. Even with all the ups and downs, never take a day for granted. Smile, cherish the little things and remember to hug the ones you really love.

THE SHREDDER

A young engineer was leaving the office at 5:45 p.m. when he found the CEO standing in front of a shredder with a piece of paper in his hand.

"Listen," said the CEO, "this is a very sensitive and important document, and my secretary is not here. Can you make this thing work?"

"Certainly," said the young engineer. He turned on the machine, inserted the paper, and pressed the start button.

"Excellent, excellent!" said the CEO as his paper disappeared inside the machine, "I just need one copy."

Now THAT'S a holiday I'd like
to celebrate year-round!
