A Note from Rick: Markets were very active on Tuesday at TLA. The Hay market was very strong. There were only 9 loads to offer and that is definitely light for this time of year. Hopefully, when colder weather sets in the volume will pick up a bit which should ease prices a little. We had a big run of springers and fresh cows and the market was steady, which it has been for quite some time. The calf market was a little weaker compared to 2 weeks ago, with heifer calves taking the biggest hit. Heifer calves still do not have much demand and it definitely showed on Tuesday. We had a light run of feeders and dairy feeders, but the market was steady for what we had. The slaughter market picked up right where it left off 2 weeks ago. Fat cattle have had very little market change for quite some time now. Slaughter cows took a big drop 4-6 weeks ago and are slowly but steadily gaining back some of those losses. The Draft Horse Sale was a definite success! The horse market was very strong all week long last week for sure! We want to send out a big thank you to all of our buyers and consignors. Also want to give a big thumbs up to the entire staff here at TLA. Everyone involved worked very hard to make this awesome event run very smoothly! See you at TLA!
