

Richland County LRADAC

The 70,000+ Richland County LRADAC building is the new home for the Richland/Lexington Alcohol & Drug Abuse Counsel. Through partnering with Collins & Wright Drywall, the projects drywall contractor, we were able to bring this project into the owners budget through VE. As a team, Mashburn, Collins and Wright and Truss Link have partnered together on four projects since the completion of Richland LRADAC, which includes the sister building, Lexington LRADAC.
