

SWPWO Calendar of Events for 2018

All meetings are open to the public

Wed. Apr. 18 – **Hunting Lease for Income from Your Woodlot** Speaker, Doug Petro from [Base Camp Leasing](#)- The talk will be about leasing your land for hunting. This company organizes hunting leases on land from New York to Texas and includes all of PA. Woodland owners might consider using hunting leases as an income source, as well as to help control deer populations. Learn about how this can be done and get your questions answered. 7 PM at the Concord Presbyterian Church basement, 155 Old Concord Rd, Prosperity, PA

Sat. Apr. 21 **John & Melissa Gregor Farm Wildflower Tour**- Join the Gregors in eastern Washington County for a wildflower walk in the woods near their house and along a small stretch of Ten Mile Creek. The Blue-Eyed Marys have been abundant in previous years and hopefully won't disappoint this spring! Will follow with a drone tour of other areas of our property and refreshments on the porch. Walking conditions are likely to be somewhat wet so please wear appropriate footwear. 1-4 PM. Meet to carpool at 12:30 PM at the Greene County Fairgrounds, Building #10 parking lot.

Wed. May 9 – **Invasive Species – Why bother? – Advantages of Early Identification** Speaker Cynthia Huebner, PhD, Research Botanist for the US Forest Service Northern Region Research Station- The talk will cover the use of strategic management to make invasions by exotic plants less likely to occur. Such management involves maintaining ecosystems that are relatively resilient to disturbance. Discussion will also include how land managers may restore invaded land such that it is less likely to be re-invaded. 7 PM at the Concord Presbyterian Church basement, 155 Old Concord Rd, Prosperity, PA

Sat. May 12 – **Perkey PA Tree Farm of the Year Field Day** Join SWPWO for a full day in the woods and visit a few or all of the eleven mini-tour/topics that will be covered. Topics include growing black walnuts, seedling protection, native vs invasive plants, benefits of frog ponds, uses of Norway spruce in your woodlot, crop tree management for pole size and saw timber

size plots, managing oil and gas development, and road construction and maintenance. Lunch will be included and registration will be required. More information will be published in later newsletters. 9:30 AM-3:00 PM To register please contact the Pennsylvania Forestry Association at 1-800-835-8065 or email PFA@paforestry.org

Sat. June 9 – **SWPWO Picnic**– Burnham farm in Washington County. Michael Pate with Penn State Extension will offer a program on tractor safety. The farm tractor is a useful tool for a tree farm. It helps with brush hogging to control invasives, road building and maintenance, and with lumbering. Michael will be bringing the Penn State tractor simulator so participants can get hands- on experience with a variety of tractor handling experiences. Learn from Michael the safest way to handle this important forestry tool. Stay and enjoy our pigroast. SWPWO members and certified tree farmers are free but there will a \$5 charge for all others. Register at <http://evite.me/M8dCg1Urc4>. Tractor safety starts at 1 PM. Dinner served around 4:30 PM

Sat. July 14 – **Wayne & Rose Marie Kraeer Farm Tour** in the Avella area. We will be touring their efforts to raise beef cattle along with maintaining the quality hardwoods, their procedures to combat invasive plants, and maintain a small cherry stand. Tour is 1-4 PM. Meet at 12:30 PM to carpool in the parking lot in front of the garage doors of the Sears store in Washington, PA. Wear proper shoes for hiking.

Sat. Aug. 11 – **Bob Brown Farm Tour: One Year After the Harvest.** We toured Bob's farm in Greene County last year during a timber harvest. We will return to his farm to see what it looks like one year after the harvest. The Forest Consultant for this harvest, Jim Elze, along with owner, Bob Brown will guide us through the area. 1-4 PM. Meet to carpool at 12:30 PM at the Greene County Fairgrounds, Building #10 parking lot. Wear proper shoes for hiking.

Wed. Sept. 5 – **New Tools for Tree Identification** – Tony Knaus, SWPWO member, will introduce the use of the app iNaturalist.org as a tool for tree and plant identification. iNaturalist.org is a citizens science project and social network of naturalists, citizen scientists, and biologists. iNaturalist is built on the concept of mapping and sharing observations. In the Wednesday meeting, he will give an overview of the iNaturalist project

and how you can join the social network, share your observations and knowledge and learn from many of the others on the network. Bring your phone or wireless device that is connected to your cell data (you will be using your own data for this). 7 PM Location to be announced.

Sat. Sept. 8 – **On the Ground Tree ID** with Tony Knaus and Mark and Debbie Fajerski. This tour is a follow-up to the September 5th meeting. The iNaturalist app will be put to use at Maple Hills Tree Farm near Claysville, Washington County. We will tour the property and use the app and the more traditional way to identify the many types of trees. Tony will demonstrate the use of the iNaturalist smartphone app for taking and posting observations to iNaturalist.org for tree and plant identification. Tour is 1-4 PM. Meet at 12:30 PM to carpool in the parking lot in front of the garage doors of the Sears store in Washington, PA. Wear proper shoes for hiking.

Sun. Oct. 7 – [Walk in Penn's Woods](#) - **Fajerski Farm** – Washington Co. This walk is part of a statewide event to get citizens out into the woods. This year, our group will offer a tour of Maple Hills Tree Farm near Claysville, Washington County. We'll visit plantings of maturing red oak and black walnut as well as new plantings of pitch x loblolly hybrid pines. We'll also view a small cemetery from the 1800's and one of the largest sugar maples in the state (Big Daddy) that's registered with the Champion Trees of Pennsylvania web site. This is a walking tour so be sure to wear appropriate footwear. Tour begins at 1 PM

Wed. Nov. 7 – **New Tools for Planning your Woodlot – My Land Plan** - Washington Public Library – Ryan Egidi and John Burnham, SWPWO members. This workshop will show landowners how to use [MyLandPlan.org](#) which is a free online tool used to map your land, establish goals and objectives, and plan for the future. MyLandPlan.org is a user friendly web site provided by the American Forest Foundation (AFF). This workshop will help landowners learn a new tool to explore different conservation and management opportunities. During the first class, we will meet in a computer lab where we work with all attendees to setup accounts, map your land and explore stewardship opportunities. Note different location: At the Washington County Citizens Library (55 S. College St, Washington, PA)

Sat. Nov. 10 – **Using GPS as a Planning Tool on your Woodlot**– Ryan & Sarah Egidi Farm in eastern Greene County. The follow-up meeting will occur in the field to discuss coordinate systems using GPS locations to more accurately map trails, property boundaries, roads, hunting stands, camps and other points for better integration into MyLanPlan.org. and for better management of your property. 1-4 PM. Meet to carpool at 12:30 PM at the Greene County Fairgrounds, Building #10 parking lot. Wear proper shoes for hiking.
