Dear Kadance,

Thank you for contacting me with regard to your suggested MGM Bill. As always, I appreciate hearing your views and concerns on critical issues.

The topic of male circumcision is one that involves religious, cultural and personal beliefs as they relate to a family's new-born child. While I can acknowledge arguments in favor of your suggested bill, I cannot in good faith introduce such legislation because it is not clear to me this is the answer to the debate at hand.

Thank you for contacting me. I hope you will feel free to write again regarding this or any other legislative matter that interests you.

Warm regards,
