Dear residents and valued customers,

The health and well-being of our staff, residents and customers is our top priority, and we take our response to COVID-19 seriously. The City of Spring Lake Park is following the guidance of Minnesota Department of Health (MDH) on implementing community measures to help slow the spread of COVID-19.

As a result, all Parks & Recreation activities, classes, parks and programs run by city staff scheduled from now until April 6 are cancelled.

Additionally, all programs that are geared towards senior citizens from now until May 1 are cancelled.

Once the City determines the status of all programs and how long they will be suspended for, staff will provide an update and process refunds at that time. Refund process may take up to two weeks.

The best way to keep you and others safe from COVID-19 is to practice good hygiene:

- Wash your hands regularly for at least 20 seconds using soap and hot water.
- Cover your coughs and sneezes.
- Avoid touching your face, particularly the eyes, mouth and nose.
- Stay home if you aren’t feeling well.

Because this situation is evolving, the City will be evaluating the closure of facilities and cancellation of events and activities on a week-by-week basis.

Sincerely,

Kay Okey
Parks and Recreation Director
