

VersaRail 1 & 1.5 Inch Systems

QUICK REFERENCE SHEET

Features & Benefits:

- **Wide and heavy shades are easier to lift**
 - ✓ VersaRail 1 inch and 1.5 inch systems lift up to 10 lbs. (4,5 kg) with less pull force than the shade weighs
- **Premium aluminum headrail**
- **One cord loop raises and lowers evenly**
 - ✓ Eliminates piles of cords
- **You let go, the shade stays put**
 - ✓ Locks in position automatically
- **No pulling or tugging**
- **Multiple shades can be raised to matching levels**
- **Trouble-free operation back by a Lifetime Limited clutch warranty**

How it Works

The shade is raised or lowered by operating the control cord. Pulling on either side of the cord releases the clutch and adjusts the blind's height by wrapping the lift cords onto the shaft. The shaft's traversing motion ensures that the lift cords wrap evenly onto the shaft, keeping the blind absolutely level. The clutch then holds the blind in its new position. This system is completely concealed inside the headrail.

System Sizes	Compatible Clutches	Max Width	Max Drop Length	Max Weight	Min Edge Distance	Continuous Control Cord	Bead Chain
1 inch (23mm)	VRCL	14 ft (4.27m)	12 ft (3.66m)	10 lbs (4.5 kg)	6 in (15,24 cm)	Yes	No
1.5 inch (38mm)	VRCL15	14 ft (4.27m)	12 ft (3.66m)	10 lbs (4.5 kg)	6 in (15,24 cm)	Yes	No
