368 THE Constitution 1776. A meat processing plant for children/human trafficking. Is there truly a union
369 left to succeed from? That old story...all the Kings horse's and all the kings men couldn't put Dumpty to
370 gather again. Well the U.S. is Dumpty and Trump is trying to make amends for all the harms cast upon
371 us by this Federal Corporation.

372
373 Remember the Bankruptcy of 1933, all laws, statutes, except for the Constitution, were placed under
374 international law and copy written? Think on this .. Had our Constitution been placed into
375 International Law and Copy written then the entire world would be a Republican form of Government.

376
377 So who now are actually writing law for the UNITED STATES? Roosevelt sure screwed this Union. I
378 have no respect for that ...hole for what he did. Remember page 400 Margot, you sent it to me, the
379 Bankruptcy a staged event by Roosevelt and the G-5 long before Roosevelt elected as President. Also
380 tied to this con job the international Bankers yet Congress sat on their asses and did nothing to stop it.

381
382 Do we really have COMMUNIST in Congress? Titles of Nobility ? You bet: Paper terrorists, home
383 grown terrorists, unregistered foreign agents =Esquires. Judges, Lawyers and attorneys tied to the city
384 of London by "inn of court" all baristers tax collectors for the Crown, and don't forget the Clerk of the
385 Courts = Jesuits all tied to the Catholic Culy. Why is it that most of the entire Supreme court is Cathlic?
386 Did I mention conflict of interests?

387 How about those Rules of Order Congress made for themselves = the Jefferson Manual. When was the
388 last time, based on their rules, has there ever been any Legislation lawfully enacted? Term limits are
389 already established, as ADMINISTRATIVE Rule, within the Constitution and ignored by our public
390 servants. These incompetents are not to have a retirement plan since their term in office is specifically

393 spelled out within the Constitution as administrative rule.

708 "An agreement obtained by duress, coercion, or intimidation is invalid, since the party coerced is not
709 exercising his free will, and the test is not so much the means by which the party is compelled to
710 execute the agreement as the state of mind induced. Duress, like fraud, rarely becomes material, except
711 where a contract or conveyance has been made which the maker wishes to avoid. Like other voidable
712 contracts, it is valid until it is avoided by the person entitled to avoid it. However, duress in the form of
713 physical compulsion, in which the party is caused to appear to assent when he has no intention of doing
714 so, is generally deemed to render the resulting purported contract void."

718 HERE'S SOME INFORMATION MOST OF YOU AREN'T AWARE OF:

719
720 In 1868, there was a corporation founded and in that particular company, the founders of that company
721 called it the "United States Corporation" and they stipulated that anybody who would be a member of
722 that corporation or worked for that corporation, would be called, not an employee but a "citizen". So
723 today, if you are asked, 'are you a citizen of the United States?', what you think you're being asked is,
724 'are you lawfully in this country to do business?' but that's not lawfully, what's being asked. They didn't
725 ask you if you are an American, lawfully, they asked you a specific question... are you, of your own
726 volition, out of your own mouth testifying that you are a citizen of the United States because in that
727 way, citizen of the United States means you are an employee of a foreign corporation, operating under
728 international maritime law. So today, the President of United States is the President of a privately
729 owned company. The company is called "United States" and the word "President", is always the word
730 used in corporate law - banks have Presidents, all companies have Presidents. President Trump is not
731 the President of America. President Bush is the president of a privately owned company, privately
732 owned out of England. We need to understand words and terms and they have been used to trick and

792 To cover the debt in 1933 and future debt, the British corporate government determined and established
793 the value of the future labor of each incorporated individual in its jurisdiction to be \$630,000. A bond
794 of \$630,000 is set on each Certificate of Live Birth. The certificates are bundled together into sets and
795 then placed as securities on the open market. These certificates are then purchased by the Federal
796 Reserve and/or foreign bankers. The purchaser is the "holder" of "Title." This process made each and
