

WHO WE ARE

Beatitudes of Our Lord School is a fully accredited school offering classes for grades transitional kindergarten through grade 8 located in La Mirada, California. We offer a challenging faith-based curriculum, taught by dedicated teachers. Faculty and staff devote countless hours, making sure that students are learning to the best of their abilities, while teaching to the Catholic, California State and the National Common Core Standards. Parents, faculty, staff, and the school community foster the growth and learning of each student, individually helping them to accomplish excellence in academics.

Beatitudes of Our Lord offers a safe and nurturing place to learn, where students are encouraged to challenge themselves through hard work and dedication to their studies and extracurricular activities. Students are empowered to be confident, compassionate leaders, as well as caring individuals. While education is its number one priority, Beatitudes of Our Lord School offers excellent wide-ranging extracurricular and sports programs. These programs help develop confident leaders and teach Beatitudes students about teamwork and great sportsmanship. For example, in 2012, the boys Varsity Basketball Team won the CYO Championship, proving that with a lot of hard work, goals can be accomplished.

Older students participate in social ministry outreach programs to help the local community and spread the good works of God. Students show their thoughtfulness and compassion throughout the year by visiting with the elderly, fund-raising for special causes and donating to the homeless. Because of its challenging curriculum, extracurricular activities and ministry programs, Beatitudes of Our Lord students graduate as well-versed, confident, caring, faithful individuals ready for high school.
