

# We Are All Kentucky

Ashley Layne

My name is Ashley Morgan Layne. I am a **Student** and an **Advocate**. I attend **Eastern Kentucky University** where I am a Senior psychology student. Over the years, I have had great experiences that have enriched my life.

My pursuit for **independence** could not happen without the Medicaid Waiver called the **Michelle P Waiver** and **Vocational Rehabilitation**. Because of the support of these programs, I am able to hire staff to help support my dreams of **employment**. After I graduate, I plan to use my degree in psychology to help others in my community. I strive to make a difference.

**“I wouldn’t be able to have these experiences without the Michelle P Waiver.”**
