**Quotes:**

“She is a driven student with a focus on making positive connections. She is committed to the arts, and enjoys several different mediums, including acrylics, watercolor, colored pencils, wire sculpture, clay sculpture, and pastels. She enjoys getting to know others who are different than herself.” **Eva Thorp** - School Counselor

“I plan to get my Associates degree in Art-Science, and later my Bachelors in Chemistry. I greatly enjoy helping others and the field of Medical Research I feel will allow me to help improve my life and others. I also plan to take part in the artistic side of life by cultivating my artistic ability with an Associates in Art.”
