

Acrobat Service Price Options for Brain-e-Books

Service	Description	Price
PDF Consultation	Publisher will take a look at your project and give professional advice on what it will take for you to get it where you want to take it. Does it need certification? What level of security is appropriate? Add tags, metadata, bookmarks, links, URL links, watermark, page numbers or heading.	Free
Convert to Brain-e-Book	Includes consult, setting security, metadata, and bookmarks, hyperlinks	99
Convert to PDF	Take Word, Docs or photo files and covert to PDF using Adobe Acrobat Pro	35
Blue Ribbon Certification	Certifying a document helps ensure that PDF documents are not altered without the author's approval. When you save a document as certified, the Blue Ribbon icon appears next to the digital signature and in the signatures tab.	24
Cover Design	Design Book Cover using art provided or copyright free art	20
Copyright Registration	Library of Congress Copyright Registration 45+ LOC fee	70
ISBN Assignment	International Standard Book Number Assignment. Used for registration of books.	35
Security	Set standards for Security which maintains accessibility in a PDF document while restricting users from printing, copying, extracting, commenting or editing text. Select levels of security. Create password security where only author may change document.	15
Add Tags	Tagging adds to an underlying organizational structure, or logical structure tree, to the document. The logical structure tree refers to the organization of the document's content, such as title page, chapters, sections, and subsections. PDF tags can be compared to HTML tags and XML tags.	15
Add Metadata	Document metadata included information about a document and its contents. Additional Metadata added manually. Includes: author's name, document title, and search words. Metadata is commonly used by search engines to locate documents.	15
Create bookmarks	A bookmark is a type of link with representative text on the Bookmarks tab in the navigation pane. Each bookmark goes to a different view or page in the document. You can use an electronic bookmark as you would use a paper bookmark to direct your reader's attention where you want it. You can use bookmarks to jump to a destination within the document, to another document or to a web page.	17
Page thumbnails	Miniature previews of the pages in a document. You can use page thumbnails in Adobe Acrobat to jump quickly to a selected page. Comes w bookmarks.	0
Create Links	Links or hyperlinks let you jump to other locations within the same document, to other electronic documents or websites. You can use links when you want to ensure that your reader has immediate access to related information.	3/ea
Link from URL	Link from URL in the document. If there is a website mentioned, it can be linked to be opened directly from the PDF.	5/ea
Add Header or Footer	Adding headers and footer. Can add running title for document or page numbers.	17
Watermark & background	A watermark is text or image that appears on top of existing document content when a document is viewed or printed	18
Creating Document Properties	When you view a document you can get information about it such as title, author, fonts used and security settings	12
Conversion from PDF to Word format.	If you have PDF version of a document, but don't have the original application file, you can save the text to RTF (Rich Text Format) or Word format (doc).	25
