

MIGRATION

Province / Shire

1God 1FAITH 1CHURCH Universe Custodian Guardians

1GOD's-Design for Humankind includes the urge to migrate. As Humankind evolved migration evolved. Africans wandered into Persindia, Oceania & Mongolia. Mongolians wandered into America, Amazonia, & Oceania later on horseback to Persindia, Africa & Europa. Europeans sailed to all Provinces. The Evolved wandered into Persindia & sailed & flew to all other Provinces.

Reasons for human-migration: **1GOD's** design instinct(**swarm**). Disasters make the Habitat unlivable, climate-change make the Habitat unlivable. Selfishness(**the grass is greener somewhere else**) & population-growth.

Humankind has evolved enough. Population growth is sufficient to establish 7Tribes making up 7Provinces as envisaged by **1GOD!** As of 'O.1.1.1'(C-G Kalender) all migration(long-term or short-term) between Provinces has become illegal.

Note ! Asylum seeking is not acceptable they are to be treated as illegal's. These people(**opportunists**) should have stayed from where they came from & made a difference there, rather than running.

Illegal migrants(Im) are returned without delay to the province they came from that includes any children that they may have had. Illegal migrants cannot be integrated, they are always sent back, no exemption. 'Im's' that cannot be returned are prosecuted, **MS/R7**. 'Im's' children are put up for adoption. People responsible for helping illegal's are prosecuted: **MS/R7**

Migration is classified as long-term(**re-settlement**) or short-term (**travel**).

Re-settlement is only possible within a Province. Re-settlement is moving between Shires. **Exemption**, 'Israeli' they can only live in the 'Promised-Land'. They cannot leave the Promised-Land. Israeli found

outside the Promised-Land are immediately transported to the Promised-Land. **1 GOD 's Wish !!!**

Moving between **Shires**. There are regulations, adults have to have employment at their destination Shire. Before they can move. The employer has to organize cluster-housing. Seniors have to organize cluster housing at their destination Shire. Before they can move.

Travel is only possible within a Province. Passports are obsolete. Business or Government use Internet /Video conferencing to communicate with other Provinces.

Tourism has developed into a menace. Cruise ships unload tourists that swarm like cockroaches over ports & local habitat. They disrupt local lifestyle, create mountains of waste. This entertainment of the idle well-off Ends! This also applies to air/coach/rail tourism.

Capitalism started migrating business entity's(multi-national's). This Ends! Multinationals are converted to **CRON** (no compensation)!

Capitalism migrated capital(foreign-ownership). Foreign-ownership Ends without compensation! Government that allows Foreign-ownership is replaced & prosecuted for, 'Treason' : **MS/R7**.

As resources diminish & population increases Provinces prepare for the next Migration(swarming), '**SPACE**'! Humankind's-Destiny: Space-Exploration(**S-X**), Colonization & becoming custodian of the physical Universe. **Note!** Each Province swarms independantly, C-G Space Law I & II apply.
