

# Drawstring Locket ©

## Class Description

Original Design by Laura Andrews

### Project Description:

Learn a unique technique to create sturdy wire components with bead settings. Together these components can be used to create many different pieces of jewelry like multi-strand necklaces, bracelets, rings and best of all a drawstring locket. These components are fashioned on a surprising jig that will be yours to keep.

**Skill level required:** All skill levels and ages welcome!

### Supplies:

- 3 – 4mm stone or crystal bead
- 20 feet 24 gauge wire
- fine gauge chain

### Tools:

- chain nose pliers
- jig (I will supply these)
- wire cutter
- 6 inch ruler or measuring tape

**Time required for class:** 3 hours – project will not be completed during class but will be easily completed outside of class.
