

Meet Hannah Banana

She is a 6 year old Brindle/Piebald doxie.

Her foster mom has wonderful things to say about her.

“She is very cute. When I get up or get home she gets very excited and runs around in circles in a dance. Then she stands and shakes her front legs so cute like "Come and get me!" She does food guard and sometimes growls at my dogs when she is on the couch and they are coming up on the couch too.

She is so good with my own dogs and my grandson. She is very sweet and loving and will have no trouble getting a new home.”
