WYOMING STATE MUZZLELOADING BENCH SHOOT
Hosts: The Bull Shooters Sheridan Wyoming
August 10-11, 2013

The Bull Shooters from Sheridan, Wyoming held the 2013 Wyoming State Muzzle Loading State Bench Match. They had a small but enthusiastic group of shooters. The State Bench match is really a different type of match in that everything but the Traveling Trophy is shot off a bench. This type of shooting totally changes your sight picture when shooting. Just when I think I have it figured out it doesn't work. Darn. The 150 yd and 200 yd targets were especially hard to hit. I think I shot at the 200 yd target 30+ times. They finally closed the range down to get me to quit shooting at the 200 yd target. A big thank you goes to Ed Kern and Jane Black for keeping everything running smoothly.
