Please Respond to the Survey by 12/1/2020

Hello All,

I have received several texts, emails, and posts from members about concerns over rising numbers and cases of COVID 19. Before break both CSEA and AVUTA met with the district admin and we were told AVUSD will not close in person instruction unless AVUSD numbers rise significantly, State/Federal close us, or St. Mary's is severely impacted. I need all members to answer the following survey so that AVUTA knows where you stand on teaching virtually versus in person. We have an Executive Board meeting at 4:15 tomorrow and need to make some decisions, therefore, we ask that you answer it by then. Please talk to as many colleagues as you can and have them fill out the survey too.
