SUN SAFETY

uv rays can damage the skin in
as little as 15 minutes; wearing a
hat can minimize that risk.

SUN SAFETY

Your scalp receives more direct UV exposure than any other part of your body; protect it by wearing a hat.

SUN SAFETY

Wear a hat to cover commonly forgotten areas by sunscreen—ears, nose, lips, along the hair line, exposed areas on the head and back of the neck.

SUN SAFETY

What does a rating of
UPF 50+ mean for a
SUN 'N' SAND hat?

This symbol next to style number assures you of a fabric used in the hat has a rating of UPF 50+. This simply means that this fabric only allows 1/50th of the UV radiation falling on the surface of the hat to penetrate. The high-density fabrics have been independently tested by a third party company assuring you of a tighter woven premium hat that protects your skin against the harmful UV rays. Wearing UPF 50+ (not SPF) rated hats are a smart healthy habit for protection from harmful UV sun rays.
