

November 20, 2006

Updates to lot ownership can be done from on-line information. Just go to <http://www.co.rock.wi.us> and click on the "GIS/map" link on the left hand of the page. Then follow the instructions on the page.

Questions can be directed to the Listers Office at 757-5610

Prior to association mailings, the board is to update the membership list.

The listers office will also send a file in "access" upon request, provided at least 30 days notice is given. The "access" file is provided via email. When making the request, use the legal descriptions i.e. Bayview Estates and First Addition to Bayview Estates.
