D 19	Inning Run Limit Exception	If the team at bat is behind by 9 or more runs in any inning and there are fewer than 3 outs, they will be allowed to continue to score runs in that inning until their score within 7 runs of the other team. A. Scheduling

1. Teams will be allowed a maximum of 5 practice sessions per week during the pre-season and 2 practices per week once the season has begun (there are **no** practices for **Fall softball** once the season has begun).
2. A league representative should be consulted to confirm postponement of a game.
3. The visiting coach and the umpire must be notified at least 2 hours prior to game time if a game is to be postponed due to weather conditions.
4. The umpire will use discretion in deciding if a game is to be postponed.
5. Games must be stopped immediately upon sighting of lightning or upon hearing thunder. Fields must be cleared for at least 30 minutes AFTER the last time thunder is heard or lightning is seen.
6. It is the home team's responsibility to reschedule a game no more than two weeks after the postponement for any spring softball game (there are **no** makeup games for **Fall softball**).
7. Each game is 6 innings long. To be official, 4 innings must be completed (or 3 1/2 innings in the event the home team is ahead).
8. **Hard Stop Time Limit** is 1-hour, 45-minutes (last batter up will be allowed to finish her at bat if game is still in progress).

B. Players

2. No more than 6 players (Catcher/Pitcher/First/Second/SS/Third) are allowed to be on the infield before the pitcher releases the ball.

5. Added players are allowed to pitch, if needed, but only 2 innings per game. Added players will **not** pitch the first or last inning.
6. Coaches should do everything they can to play the game as scheduled even if they are short-handed. If one team is short-handed the opposing team is strongly encouraged to 'loan' players to the short-handed team.
7. A team expecting to have fewer than 7 players is obligated to contact the opposing coach at least 24 hours before game time to reschedule the game.
8. All players will be included in a continuous batting order. The initial batting order reflects those players ready to play at game time. Late arrivals must be placed at the end of the batting order. If an injured player in the continuous batting order is unable to play she will be skipped in the order and the opposing team will not get an automatic out.
9. Each player must play 2 complete innings in the field unless the coach has a valid reason for not playing her.
10. Free defensive substitution rules will be in effect.

 - iv. Players from lower divisions are NOT allowed to pitch.

2. **player can be re-inserted as a pitcher** during a game.
3. A pitcher who has pitched at least 3 innings and whose team is leading by 9 runs or more cannot continue to pitch. This pitcher may re-enter, but only if her team leads by 7 runs or less.

6. Runners do NOT advance a base on an illegal pitch.
7. If a pitcher hits 3 batters in one inning she will be taken out for the rest of the inning. The pitcher can return to pitch during the game. However, if she hits 2 additional batters (or 5 total for the game) she must be taken out (from the pitcher's position) for the rest of the game.

28. hour and 45 minutes. If there's a batter up at 1 hour and 45 minute mark, that batter may finish her at bat. If the inning isn't completed, the final score reverts to the previous inning.
29. If the score is tied after 6 innings, and the game has lasted less than 2 hours, a **tie breaker will go into effect.** The player who was the last completed at bat in the 6th inning will begin at 2nd base with the player batting after her in the order leading off the inning. The teams play subsequent innings using this format until one team wins or the 2 hour time limit expires
30. **Any tied games, in extra innings at the 2 hour mark, will be declared a tie.**

F. Run Limits

31. There is a 4 run per inning rule. Once a team has scored 4 runs, the half inning will be terminated, regardless of the number of outs.
32. If the team at bat is behind by 9 or more runs in any inning and there are fewer than 3 outs, they will be allowed to continue to score runs in that inning until their score is within 7 runs of the other team. This allows them to exceed the 4 run per inning rule prior to the last inning of the game.
33. There are no run limits in the last inning of the game. Mercy rule is in effect once the losing team has batted 5 times and they are down by 15 or more runs. However, the game does end (unless the game is tied) at 1-hour, 45 minutes with the last batter's at-bat concluding).

G. Safety Rules

34. All players must remove ALL jewelry to be eligible to play. Taping over earrings is not allowed.
35. Face masks are strongly encouraged for infielders, especially Pitchers, first base and third base. Catchers must wear full protective gear plus they must have a throat guard on their catchers mask/helmet. The use of mouth guards is also encouraged for those in the field.
36. A batter that throws the bat will be given a warning (the umpire will inform the coaches and the player of the warning). The second time any batter throws a bat that player will be called out.
37. If the defensive player blocks the base path without possession of the ball, the runner will be safe. The defensive player is not allowed to stand on or straddle the base path, a base or home plate unless they have possession of the ball.
38. USA rule on avoiding collisions states:
 - i. In an effort to prevent injury and protect a defensive player attempting to make a play on a runner, a runner must be called out when they remain on their feet and crash into a defensive player who is holding the ball and waiting to apply a tag. To prevent the out ruling, the runner may slide, jump over the defender holding the ball, go around the defender or return to the previous base touched.
