

Richmond Navy League Summer Luncheon – 13 June, 2018

Captain Kevin Buckley

Commanding Officer, Medical Treatment Facility, USNS COMFORT

Richmond Navy Leaguers were treated twice this year to the words and wisdom of Captain Kevin Buckley, Commander of the Medical Treatment Facility onboard the hospital ship USNS COMFORT. In April, the Captain personally led our bus group on a tour of the ship docked in Norfolk. On 13 June, he travelled to Richmond along with his Senior Nurse Executive Captain Kevin Buss to be the guest speaker at our Summer Luncheon. As a physician and a US Navy Captain, he discussed the organization, challenges, and successes of the personnel from Military Sealift Command and the Navy who make the humanitarian missions possible. In particular, he related to us the experiences of the fall 2017 mission to hurricane-ravaged Puerto Rico. We greatly appreciate Captain Buckley being our speaker.
