The purpose of this post is to provide a comprehensive collection of the various *Revelation 12 Virgo Sign* charts that have been illustrated over the years. Many others are doing good work trying to decipher this 'Great Sign' of the last book of the Bible. As the *Revelation 12 Virgo Sign* approaches, there is a lot of discussion going on. It seems this astronomical alignment is only being discussed within the Prophecy Communities. Out of all the information and assessments that are out there, some material appears to be 'reasonable' and sound but there is also a lot of disinformation and absurdity concerning the Sign as expected. The *Virgo Sign* does not take place on Rosh HaShanah but will occur approximately 72 hours or 3 days into the Jewish year of 5778.

As an aside note, this 72 factor of time is seen in various applications such as the *Precession of the Equinoxes* in that $72 \times 360 = 25,920$ years. This is the coefficient of the *Great Year*, etc. It also denotes a full revolution of a 'circle' of time in that $360/7 = 50$ as in the beginning of the 5th Age perhaps. And an octave higher would be $3600/72 = 50$ or a 'Pentecostal' Jubilee factor. Many are believing that the Rapture of the *Bride of Christ* and/or the *Body of Christ* as a euphemism for those Disciples and Followers of the Lamb, Jesus Christ could very well be on the 23rd of September. The typology is a strong case and the same word being used does suggest a '*sudden snatching away from harm*'. Realize that the 'actual' 'birthing' of Jupiter occurs on the 9th of September.

Would not the Rapture take place at that time if one insists on the type of a 'birthing' typology? Others believe that the *Revelation 12 Virgo Sign*, although astronomically being displayed in the Fall of 2017 is a past, present and future foreshadowing of the mid-Tribulation time segments. Based on prior studies, the *Revelation 12 Virgo Sign* corresponds to the 4th rapture event of the entire Tribulation period, as there are 7 raptures in the book of Revelation. The rapture that corresponds to the resurrection and rapture of the *Bride of Christ* is more in line with the typology of the 'Beloved' Apostle John being 'called up' in chapter 4 of the book of Revelation.

The *Bride of Christ* is to be the 'Witness' amongst the *24 Elders* of the breaking of the *Judgment Seals* by the victorious *Lion of Judah*, Jesus. Regardless, the *Revelation 12 Sign* is heralding that a 'King' will be 'birthed' or perhaps debuted thereafter. Prior studies have also alluded to the notion that the Enemy is using the same typology of Jesus' 1st birth and advent to mirror the 'birthing' and advent of his false AntiChrist. Is it mere coincidence that the return of the *Christ Stars* and the astronomical 'virgin' birth of the planet *Jupiter* are being synchronized in these *Last Days* as they were when the true Christ was born of a virgin and the *Christ Stars* first appeared at Jesus' 1st advent?

The studies presented in prior postings have attempted to convey the duality of such signs that on one hand extol the proper typology of the Christ, that is Jesus but also consider that the Luciferians capitalize on the same 'Sign' to usurp its typology in anticipation of their AntiChrist. Thus, to the Enemies of the Cross, their long-awaited 'King' or Christ Savior is perhaps to be presented fairly soon. Also realize that as signs go, the sign itself is not the 'event' but signals its subsequent approach. As to the timing of the *Revelation 12 Sign's* fulfillment, that remains to be seen. There are others that are more convinced that the Rapture is tied to the conclusion of the *Pentecostal Age* and see a connection of the *153rd Fish* with the *153rd Day* of the year that perhaps will be on some Pentecost date.

Amazingly, June 1, 2017 will be Pentecost by the counting of the *Torah Calendar*. One very interesting time association that can be correlated with this notion is that if Jesus was indeed born on September 11, -3 BC, then Pentecost was on June 1, 32 AD; which was also the 153rd day of the year. Perhaps the Rapture altogether could occur even before the Fall Sign in the constellation of Virgo. As the years are getting more interesting prophetically, many are sensing that time is short and perhaps the 2017-18 timeframe might be of great prophetic significance. Perhaps this generation then could very well be the generation that sees the 'Fig Tree', Israel celebrate its 50th year anniversary since the *Temple Mount* was recaptured (2017) and the 70th year anniversary (2018) of its rebirth. Many are also not considering what is the proper interpretation of the 'other' Sign is that comes in tandem with the *Revelation 12 Sign*.

This other 'Sign' is that of the *Giant Red Dragon with 7-Heads*. What is confounding the possible interpretation of this other Sign and its attributes is that there appears to be no real astrological equivalency or apparent correspondence as clearly Virgo will be. This nuance leaves for much speculation. Based on the subsequent studies over time, one theory presented is the possibility that the 7-headed *Giant Red Dragon* could very well be the *Giant Red 2nd Sun Nemesis* with its 7 planets, to include what the *Ancients* called Nibiru. It has been rather odd and suspect that, as of late, NASA has publically disclosed that there does exist a 'Planet 9'. It is understood to be a sun-type sized object that does perturb the Solar System but they categorize it as being far way. NASA has not visually identified it nor disclosed its exact coordinates.

NASA also recently disclosed that they have discovered a sun with 7 planets of whom 3 are possibly Earth-like for habitation. Is it any wonder that the *Shadow Government* and/or the *Deep State* are also mirroring the inevitable Biblical '*Signs of the Sun, Moon and the Stars*' in a feeble attempt to control and/or replace the Biblical narrative? Again, is it mere coincidence that 'now', a 'sun with 7 planets' is revealed that exactly matches the Revelation 12 typology of a giant red sun with 7 heads or planets? Interestingly, this Planet 9 is acknowledged by NASA to have been the system that has affected Earth in the past. What they do not connect this rogue system to are the current perturbations Earth is alarmingly experiencing worldwide. Perhaps this sun system with 7 planets phenomenon is what will be the cause to the degree of the book of Revelation describes of the various worldwide cataclysmic effects by way of the *Seal Judgments* of Jesus Christ.

It could be the case that this approaching *Black Star* system will be directly impacting Earth at the time of the mid-Tribulation period when the literal fulfillment of Revelation 12 occurs.

There is a book on the *Revelation 12 Virgo Sign* from all the compiled studies over the years that follow the illustrated charts that have more of an astronomical perspective.

To this end, a sequel to the *Great Virgo Sign* book has also been written entitled *Some Insights Into Planet X*.
