

Big Lake Fire Dept. Auxiliary Pancake Feed

Come one, come all to our annual pancake feed! Come enjoy some pancakes, ham, sausage, and fruit. This is an awesome opportunity to meet your fellow neighbors and connect with our volunteer firefighters. All it costs is a simple donation.

Saturday, March 3rd
7:00 AM - 11:00 AM
Big Lake Fire Station 1

Funds from last years pancake feed were used to buy our volunteers a stair chair to help prevent injuries. A stair chair is used to move patients up or down a stair case in a seated position without straining our volunteers backs. Funds also helped out

five Big Lake families during Christmas time. The auxiliary plans to use this years funds to buy portable radios for the fire engines.

Chiefs Message

The fire chief would like to remind residents that as spring approaches and you start thinking about burning those natural vegetation piles, always check the fire marshal's website for a burn ban and follow the law. Any pile over 4 feet by 4 feet requires a permit from the fire marshal. Burning anything other than natural vegetation is illegal.
