

Celebrating Alberta entrepreneurs with the ATB Innovation Award and ATB Export Award

- News article posting June 12th 2017

On Tuesday, June 6, at the ATB Catalyst event in Edmonton, ATB presented six exceptional Alberta entrepreneurs with the first ATB Innovation and ATB Export Awards. The awards were created to recognize businesses that have made significant contributions to Alberta's economy through innovation and export.

The Innovation Award winners were recognized for their transformative and innovative activities, which have created value and a meaningful impact through social or economic means, while inspiring other entrepreneurs to embrace innovation.

Award winner: IntelRain

IntelRain has innovated a fully computerized high efficiency sprinkler system. Through intelligent controls and design, the sprinklers have been proven to reduce water use by 30%.

Congratulations to all the winners!
