NOTES: * Extracted from WRPS Niche Records Management System on 4/24/2017 9:56:47 AM. Data from the comparable previous time frame is re-stated. 1. Statistics Canada's Uniform Crime Reporting Survey was designed to measure the incidence of crime in Canadian society and its characteristics. See <http://www23.statcan.gc.ca/imb/p2SV.pl?Function=getSurvey&SDDS=3302> 2. Total Violations count is the methodology used in this WRPS Criminal Offence Summary. It counts all UCR code offences per incident reported in the specific time range. For violations against the person, violation counts are based upon the number of victims. This methodology differs from Statistics Canada's standard Most Serious Violation (MSV) count. The MSV counts only the first of up to four offences per incident that occurred in the specific time range. 3. NC represents "Not Calculable".
