

COMMERCIAL PROPERTY INSPECTIONS

California Building Consultants, LLC commercial property inspections are performed to meet the various types of properties encountered and can be customized to meet the needs of our clients. CBC's thorough commercial inspection reports can present the information needed in a format that suits the clients' reporting requirements. Our comprehensive reports include color digital photographs and will be e-mailed to you within 24 hours, usually the same day. Additionally, CBC is always available upon completion of the inspection report to answer any questions that may arise.

CBC recognizes that every client has its own methods and needs when analyzing commercial property conditions. CBC clients include: individual investors and investment groups, property management companies, landlords and commercial business owners and buyers.

CBC inspection services cover many types of commercial properties, including:

Office Buildings
Retail / Strip Malls
Multi-Family
Hotels / Motels
Special Needs

Industrial
Day Care Facilities
Apartments
Restaurants
Senior Housing.

CBC Inspectors are highly educated and credentialed in the Real Estate Inspection profession. CBC Inspectors are designated **Master CREIA Inspectors**, the highest possible in the California Real Estate Inspection Association, and also are **ASHI Certified Inspectors** with the American Society of Home Inspectors.
