Box	ructions, please complete: 1 to certify the child's immunization status 2 to file an exemption (medical or concientious)					
1. Certify Immunization Status. Complete A or B to indicate child's immunization status.						
Α.	Children who are 15 months or older:	B. Children who are 15 months or younger:				
	For children who are 15 months or older and who have received all the immunizations required by law for child care:  I certify that that the above-named child is at least 15 months of age and has completed the immunizations which are required by law for child care.	For children who are younger than 15 months OR have not received all required immunizations:  I certify that the above-named child has received the immunizations indicated. In order to remain enrolled this child must receive all required vaccines within 18 months from initial enrollment date. The dates on which the remaining doses are to be given are:				
	Signature of Parent / Guardian OR Physician / Nurse Practitioner / Physician Assistant / Public Clinic	Signature of Physician / Nurse Practitioner / Physician Assistant / Public Clinic Date				
	Date					
2.	2. Exemptions to Immunization Law. Complete A and/or B to indicate type of exemption.					
	Medical exemption:  No child is required to receive an immunization if they have a medical contraindication, history of disease, or laboratory evidence of immunity. For a child to receive a medical exemption, a physician, nurse practitioner, or physician assistant must sign this statement:  I certify the immunization(s) listed below are contraindicated for medical reasons, laboratory evidence of immunity, or that adequate immunity exists due to a history of disease that was laboratory confirmed (for varicella disease see * below). List exempted immunization(s):  Signature of physician / nurse practitioner / physician assistant  Date	B. Conscientious exemption:  No child is required to have an immunization that is contrary to the conscientiously held beliefs of his/her parent or guardian. However, not following vaccine recommendations may endanger the health or life of the child or others they come in contact with. In a disease outbreak, children who are not vaccinated may be excluded in order to protect them and others. To receive an exemption to vaccination, a parent or legal guardian must complete and sign the following statement and have it notarized:  I certify by notarization that it is contrary to my conscientiously held beliefs for my child to receive the following vaccine(s):				
	History of varicella disease only. In the case of varicella disease, it was medically diagnosed or adequately described to me by the parent to indicate past varicella infection in (year)	Signature of parent or legal guardian Date  Subscribed and sworn to before me this: day of 20				
	Signature of physician / nurse practitioner / physician assistant (If disease occured before September 2010, a parent can sign.)	Signature of notary (A copy of the notarized statement will be forwarded to the commissioner of health.)
