New!! Customized Pet Services:

Every pet & pet owner is different! Given the various schedules and responsibilities during our lives, and the special needs that can occur when unexpected circumstances happen (such as weddings, babies, new pet additions, funerals, etc...) your pets may require additional care and attention.

Therefore, Happy Pets is happy to introduce customized pet sitting, let us know your needs and we will do our best to accommodate an individualized plan that fits your needs! Working on the base rate, and extra time as required by the client, we'll offer you a proposal. Happy Pets LLC continues to be bonded and insured. We've been working in the southwest Metro area (Littleton, Golden, Morrison, Lakewood) for the past 15 years. That enables us to have many contacts servicing pets, groomers & trainers for instance.
