

# Waste for Use

Advocacy for Waste Awareness and Healthy Environment Conservation

PO BOX 42741 | Atlanta-Georgia 30311 | 404-997-2334

Volunteers support each aspect of Waste for Use's development. A strong network of volunteers is critical in the attainment of our mission. We seek contributions from volunteers that envision growing with Waste for Use to facilitate progress in every aspect of our organization.

We are currently accepting resumes from volunteers for several organizational functions. Interested applicants should send resumes to [careers@wasteforuse.org](mailto:careers@wasteforuse.org). All applicants should note that each position is currently unfunded and will transition into a fully compensated position following entity funding. For details about forecasted funding fulfillment contact [careers@wasteforuse.org](mailto:careers@wasteforuse.org).

## Volunteer Coordinator

The volunteer coordinator recruits, assists in training, and manages volunteers for various Waste for Use service activities. The volunteer coordinator will also aid with leadership of the volunteer program, and coordinate and maintain record keeping for the program.

## Relationship Facilitator

The relation facilitator will contribute by discovering, cultivating, and realizing opportunities for partnerships via government, business, and civic groups. The role will serve as initial point of contact for business relationships and service project agreements. Concurrently, the relationship facilitator is appointed to perform collaboratively with the fundraising moderator to secure and moderate relationships among various targeted segments.

## Fundraising Moderator

One who contributes to Waste for Use as a fundraising moderator will direct corporate funding activities, develop and execute fundraising program plans, grant writing, procure leads for funding contribution opportunities, collaborate with relationship facilitator to build relationships with corporate donors, solicit contributions from corporations and individuals, and help measure the effectiveness of fundraising initiatives – according to organizational agenda.

## Curriculum Specialist

One who contributes to Waste for Use as a curriculum specialist will be contracted to act as a consultant for the development of education programming. The curriculum specialist will be charged with generating recommendations on effective curriculum planning, curriculum development, and approaches to deliver educational messages via schools and education platforms.
