*I understand that the Stay and Play program is an optional extended care program and that my child is not required to participate in order to attend A Little Schoolhouse. Children will be supervised by ALSH qualified, and screened staff in a mixed ages (3-5 years) classroom during the Stay and Play time. We will offer educational and fun activities, outdoor playtime (weather permitting), and a snack time. Due to numerous allergies and diet restrictions, we ask that you provide a small healthy snack and labeled reusable water bottle if your child is staying for extended care.*
