

The following information provides the rules for the Non SASS Approved category Josey Wales for use at Rio Salado Cowboy Action Shooting Society.

The Josey Wales is a modified Duelist or Gunfighter category using 2 additional revolvers in lieu of the rifle. All four revolvers must be Main Match fixed sight style revolvers. If gunfighter shooting style is used the revolvers to be drawn must utilize two standard holsters, one on each side. The rules described below are written with safety and smooth quick stage flow in mind.

1. All 4 revolvers are loaded with five rounds each per SASS rules.
2. The revolvers being used in lieu of the rifle will be staged in the same manner as the rifle per stage instructions and may not be used to shoot pistol targets. Shooters may not draw revolvers from holsters to shoot the rifle targets. At the completion of the rifle shooting string the revolvers will be restaged as the rifle would have been.
3. The revolvers may be carried in 4 holsters or the extra two will be carried with the muzzles up at least head high from the loading table to the rifle staging location so as to not sweep anyone. The TO or other posse member may assist in carrying the shotgun to and from the firing line. The additional revolvers will be similarly carried to the ULT as well as to and from a gun cart if shooter not equipped with four holsters..
4. The revolver shooting style for Josey Wales is either duelist or gunfighter.
5. This is not an awards category and is an available category at the Match Directors discretion. So bring your rifle as a backup.
