No matter what your level of sailing experience, Yachting Cambodia can provide you with a great holiday. We encourage charterers with less experience to take advantage of having a professional skipper on board a private guided charter. Familiar with the yacht and the local cruising area, he will ensure a safe and stress-free cruise. We can also provide a hostess/cook for a fully crewed luxury charter experience. We reserve the right to place a skipper / crew onboard at your expense if we feel necessary.

We will do all we can to make sure your sailing holiday is as rewarding and trouble-free as possible. Our "Plus expenses" charter structure is designed so you can include only the services you require. Let us know what you need..
