**Be The One To Make A Difference Youth Mental Health First Aid
 2018 Spring Tour Powered By VSC**

VSC felt the pain of America on Wednesday, February 14, 2018 as we watched with aching hearts and tear-filled eyes as our nation's babies were crippled in fear by a young person who was obviously living with some type of Mental Illness.

We have decided that training districts, schools and organizations in Youth Mental Health First Aid is the way that we, as a company, can Make A Difference in the lives of young people across the country. We are going to do what is in our POWER to do. If not us, then who? If not now, when? We invite you to join us! This proposal will provide you with all of the details about this prolific initiative.
