**Seen & Heard on News – Maybe there are Aliens?**

[NASA releases first images of planets outside our solar system](#)

AP - Thu Nov 13, 6:21 PM ET WASHINGTON - Earth seems to have its first fuzzy photos of alien planets outside our solar system, images captured by two teams of astronomers. The pictures show four likely planets that appear as specks of white, nearly indecipherable except to the most eagle-eyed experts. All are trillions of miles away — three of them orbiting the same star, and the fourth circling a different star.

### 'Classmate Highlight'

**Lott Metzler**

Who knew Lott would turn out to be such a car- buff, craftsman & handyman or that he was husband and father material? HA! Turns out he has been married to Evelyn, I think he said 23 yrs. He has 2 sons, 2 dgtrs. & several g/children. (he spoke fondly of the time he gets to spend with the g/kids and seem to really enjoy being grandpa) Lott said he'd love to build them each a car of their own but thought his ideas & theirs were miles apart. Ha! He also enjoys doing odd jobs & repairs for The grown kids at their homes and on their cars.

He seems to have found a Happy Time in this life! He is also nearing retirement, on Dec. 26, 2008 he will end 41 yrs building highways. He has spent the last 17 yrs as an Engineer Tech with KDOT Ks Dept. Of Trans., inspecting finished projects. He is looking to spending more time with the family traveling, fishing & working on the 2 vehicles he has stashed. ('29 Model A & '23 T-Bucket)

We wish him well in retirement & hope to see more on the future cars. Below is a neat article that appeared in The Hutch News during the recent Hot Rod Run.

Don't forget this is Your Newsletter Too!!!  
 If you do not share information or suggestions then look for more of the following fillers! Rest assured...  
 I have an endless supply for all occasions. ☺

#### How to cook a turkey

(for those who are not sure how to tell when turkey is done...)

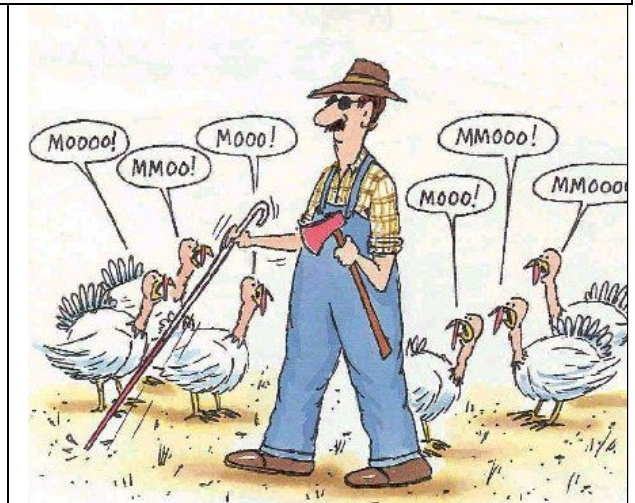

- |                        |                       |
|------------------------|-----------------------|
| 6-7 Lb Turkey          | 1 C melted Butter     |
| 1 C. Stuffing          | 1 C. Uncooked Popcorn |
| Salt n Pepper to Taste |                       |

Preheat oven to 350\*. Brush Turkey with melted butter, salt n pepper. Fill cavity with stuffing and popcorn. Place in baking dish in the oven. Listen for popping sounds. When the Turkey's ass blows out the oven door and flies across the room, the turkey is done.

This beauty was once a rare 1929 Hudson Essex, but Lott saw something way beyond the obvious, See:
