New Business: ^{would}

PCC Phil Frazzetto reported that it appears that our member ~~Richie~~ Riechart will have opposition for the position of County Commander. There seems to be mis-understandings among the people involved. There will be Board of Trustees meeting on April 28th and Richie Riechart and Joe Chociemski have been invited to attend and hopefully resolve this matter.

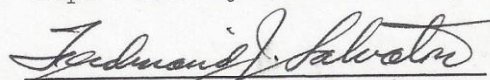

Phil also requested that the K-G News include a Commanders message. Our Post paper used to include one and all other Posts's papers do include a Commander's message. Good of the Legion:

Charlie Fontana spoke about the various health plans that are now being discussed by the Congress. He stressed that each individual should call or write to their congressional representatives directly. This get much better results than looking to Organization to support their position.

Andy Procopio said members should contact their representatives concerning the "Notch Babies" that they are in favor correcting their Social Security payments. ^{AND}

Tony Citola state that Congress is discussing a bill that may reduce DAV benefits. Veterans, especially those receiving disability benefits should write to their Congressman stating they apposes such bill.

Repectfully submitted,
